

The 2nd Shanghai International Aircraft Interiors Exhibition 2015

June 10-12, 2015 | Shanghai New International Expo Centre-CHINA
2345 Longyang Road, Pudong New Area Shanghai P.R.China

Organizer

Civil Aviation Maintenance Association of China
Shanghai Golden Commercial Exhibition Co., Ltd.

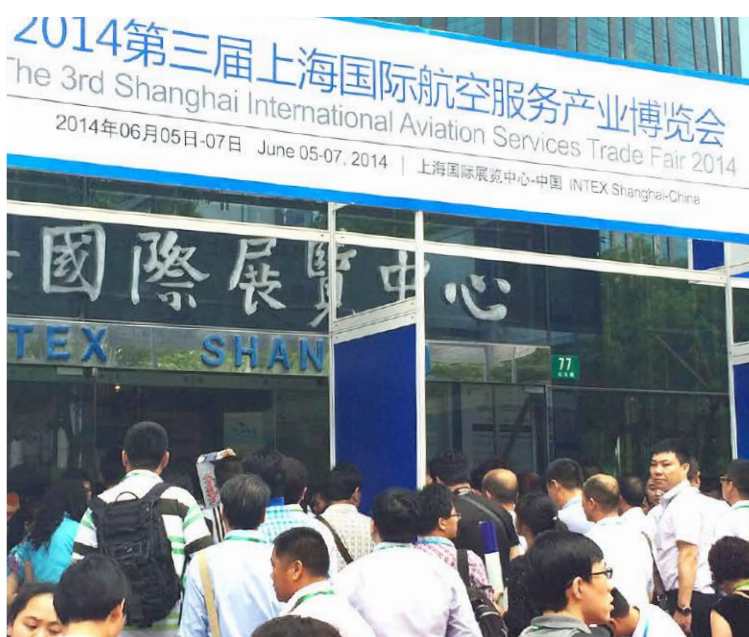

Co-organizers

AVIC Beijing Institute of Aeronautical Materials
Shanghai Aircraft Design and Research Institute.
Airbus

Guangzhou Aircraft Maintenance Engineering Company Limited
Shanghai Industry Design Association

Exhibition Review

1st Asia Aircraft Interior Exhibition only purchasing fair in Asia Aircraft Interior industry -Shanghai International Aircraft Interior Exhibition (AIE CHINA) has been held successfully and achieved great success in Intex shanghai on June 06,2014. Three-day exhibition attracted nearly 200 aircraft interior suppliers with nearly 10 thousand Sqm from 40 countries and regions globally, covering aircraft seating, gallery and inserts, waste and waste disposal, IFE and communications, cabin training, emergency equipments, aircraft interior design, refurbishment and so on. During the exhibition, nearly 1000 main airlines, aircraft manufacturers, airport groups and 10000 global professional buyers from aircraft interior industry joined the event. During the exhibition period, AIS CHINA has been successfully held. The summit has attracted nearly 150 top leaders from global aircraft interiors field, including cabin interiors, aircraft seat, gallery and IFE, meanwhile the event has been strongly supported and participated by AVICBIAM,COMAC,AIRBUS,

RECARO, FACC, AAR, SOGERMA, AVIC JIATAI, Air China, China Eastern Airline and China Southern Airline etc. Mr. Dong Suguang, President of CAMAC, who was Deputy General Manager of China Southern Airlines, hosted the summit and addressed the opening speech. Firstly, Mr. Yu Qifeng, Vice-Director of Structure Department in SADRI, delivered a keynote speech on "Interior design of civil aircraft and related technical discussion". Then Martin DECHOW, VP of AIRBUS, analyzed "Product Trends in Aircraft Cabins" from a perspective of Air cabin, particularly emphasized on "The Market Needs for a Future Aircraft Cabin" and "Major Trends for Aircraft Interior". During the summit, Mr. Norbert Marx, General Manager of GAMECO, shared cases on "MRO and Refurbishment of Commercial Aircraft Cabin Interior in China Southern Airlines", and Mr. Yi Xiaosu, Director of AVIC BIAM's Science and Technology Committee, gave a speech on "How to use GREEN materials in aircraft interiors in nowadays", which successfully grabbed the attention of industry professionals. The organizer- Golden Commercial push forward development of aircraft interior industry better, upgrade international competency and influence in aircraft interior industry.

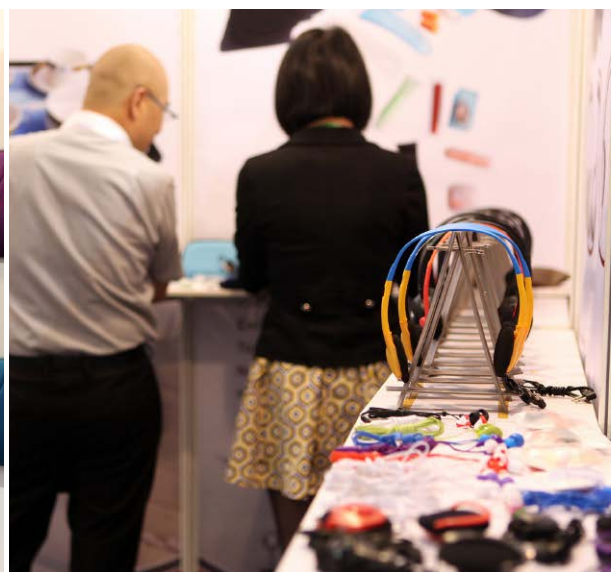

Trade Platform

After the order is made, it is the time to choose the style and material of cabin layout, seats, gallery and IFE and so on, list related design companies and manufacturers, and makes detailed survey and plan for choice. In order to grasp the development situation of plane interior market fast and effectively, and push forward the bridge between enterprises and decision makers, Golden Commercial and competent departments will hold 2nd Shanghai International Aircraft Interiors Exhibition 2015 on June 10-12 at Shanghai New International Expo Centre-CHINA in Shanghai, China. This show is the unique aircraft interiors exhibition in Asia and it will certainly attract global airplanes, yachts, high-speed rail manufacturers and buyers, and nearly one thousand global enterprises in aviation field to attend. They will communicate face to face and enhance the butt joint between enterprises and decision makers.

Major Exhibits

- Cabin Equipment and Management System
- Aircraft Seating
- Galley/Stowage System and Gallery Inserts
- Lavatory & Waste Equipment
- Inflight Entertainment and Communication Systems
- Lighting/LED and Accessories
- Materials (including aluminum, metals, steels, composites)
- Soft Furnishings, Upholstery, Textiles & Leather
- Cabin cleaning & Veneer materials
- Cabin Cleaning/Sanitary Products
- Flooring
- Plastics
- Interior Paints & Covering
- Onboard Emergency and Survival Equipment
- Aircraft Interior Design and Refurbishment
- Others

Participation Fees

- International Standard Booths:
For overseas enterprises: USD 4800/Expo; 3m×3m
Each standard booth consists of 3-sided white partitions, bilingual fascia board, 1 information counter, 2 folding chairs, fully-floored carpet, 2 arm spotlights, 1 220V/5A power socket and 1 wastebasket.
- Indoor Raw Space:
For overseas enterprises: USD 480.00/Sq.m.
Note: The raw space (minimum 36 sq.m.) only supplies a show space excluding stand frames, show equipment, carpet and power supply, etc.

Meetings & Activities

- Change and Innovation leads the future aircraft interior design
- Demand analysis and market expectations on aircraft interior market.
- MRO and refurbishment of commercial aircraft cabin interior
- Interior design innovation of civil aircraft
- How to choose aircraft interior to increase comfort and security for passengers.
- Aircraft interior enhancements through cabin interior modification and upgrades
- Lightweight of aircraft interiors and applications in materials.
- Research development and application of aircraft interior materials.

Participants

- Aircraft manufacturing enterprises at home and abroad
- Airlines at home and abroad
- Air cabin enterprises at home and abroad
- Buyers for commercial airplanes at home and abroad
- parts production enterprises at home and abroad
- Interiors design and planning units at home and abroad
- The plane research institutes at home and abroad
- The plane interior accessories suppliers/buyers at home and abroad
- Onboard seating suppliers
- Onboard storage systems suppliers
- Onboard Galley and Galley Inserts suppliers
- Lavatory & Waste management equipment suppliers
- IFE and communication systems suppliers
- Lighting suppliers
- Cabin decoration, textiles, and linen suppliers
- Onboard Emergency and Survival Equipment
- Aircraft interior design and refurbishment suppliers
- Media organizations and government agencies in aviation field, Industry association/ professionals
