

How to Get to the TWTC Exhibition Hall 1

TADTE 2015 Venue

If arriving by taxi, show this map to driver!
請載我到台北世界貿易中心展覽一館
Please take me to Taipei World Trade Center Exhibition Hall 1.

- By MRT** (Taipei Metro)
1. Take the **Line 2 (Tamsui-Xinyi)** and get off at the Taipei 101/World Trade Center Station.
 2. Take the **Line 5 (Bannan)** and get off at the Taipei City Hall Station. Then walk to the TWTC Exhibition Hall 1, which takes about 12 minutes, or take bus routes 537 or Blue 5 at Taipei City Hall Station to reach the TWTC Exhibition Hall 1.

By Taxi
Taxis are convenient in Taipei and fares are reasonable. The base fare is NT\$70, increasing by increments of NT\$5 per 250m with an NT\$20 surcharge added from 11:00 PM to 6:00 AM per trip.

TADTE 2015

Taipei Aerospace & Defense Technology Exhibition

Reaching New Heights

Aug. 13-16

Taipei World Trade Center Hall 1

www.tadte.com.tw

Exhibit Highlights

- ⊙ Defense industry equipment and technology
- ⊙ Aerial vehicles and ground support equipment
- ⊙ Aerospace electronics, machineries and instruments
- ⊙ Aircraft components and parts
- ⊙ Aerospace and defense industry design software
- ⊙ Wireless or satellite communication, aerial photography equipment
- ⊙ Airframe components, engine manufacturing and equipment
- ⊙ Air traffic control and surveillance systems
- ⊙ Aircraft industry technologies and maintenance
- ⊙ Unmanned Aerial Vehicles (UAV) & Light Aircraft
- ⊙ Navigation systems
- ⊙ Airport equipment
- ⊙ Flight training
- ⊙ Commercial and leisure aircraft

Products & Services Categories

- ⊙ Ministry of National Defense R.O.C. (Taiwan) Pavilion
- ⊙ Aerospace Industry Equipment and Technology Area
- ⊙ Defense Industry Equipment and Technology Area
- ⊙ Unmanned Vehicles and Applications Area
- ⊙ Aerospace Machine Tools Area **new**
- ⊙ Foreign Enterprises Pavilion
- ⊙ Education Pavilion
- ⊙ Media and Association Area

Location:

Taipei World Trade Center (TWTC) Exhibition Hall 1, Area A and D

Show Dates & Hours

Aug. 13 – 16 9:00 a.m. – 5:00 p.m.

Entrance Rules:

Aug. 13-14: Admission granted only to professional buyers and industry insiders

Aug. 15-16: Also open to the public

Show Features include:

- ⊙ Opening Ceremony
- ⊙ Seminars & Forums
- ⊙ One-on-One Procurement Meetings
- ⊙ New Products Launches

Long-Awaited 2015 TADTE Ready for Take-off!

After two years, the highly anticipated **TADTE (Taipei Aerospace & Defense Technology Exhibition)** will unfold at TWTC Exhibition Hall 1 from August 13-16. This exclusive event for national defense and aviation industries joins the procurement pros with the aerospace industries and national defense weapons and equipment providers at a perfect platform to sign the deals.

This year's expo highlights the "Aerospace Machine Tools Area" that has won praise for targeting Taiwan's strengths in machine-tool production. Five companies including Chmer and You-ji have registered for the pavilion that profile the high-precision sophisticated features of aerospace machine tool producers.

American companies such as LOCKHEED MARTIN will showcase aerospace electronics, warfare ships/landing craft systems and equipment and military equipment; Aero Precision will be displaying military aerial vehicles and components; while Rockwell Collins will be exhibiting aircraft communications and satellite communication systems.

Furthermore, MILATEK UG from Germany will be exhibiting microwave data communication systems and aerospace components and parts. TENG TOOLS from Sweden will be showing aircraft maintenance tools.

For the first time the exhibition also features a flight training service. The APEX Flight Academy from Taitung is out to inspire many interested visitors to reach for the skies. The training school offers videos and the basics on instrument flight rules, private pilot licenses and commercial pilot training.

Soaring Prospect for the Aerospace

Taiwan's aerospace technology industry has continued to develop steadily with overall revenue of the aviation industry in 2014 reaching US\$ 2.9 billion according to CAID. Taiwan's aerospace industry leader Aerospace Industrial Development Corporation (AIDC) will be paving the way for Taiwan's aerospace companies' market to expand and to enter the global market.

Growth Propelled by UAVs!

UAVs have taken off with expanded military and private use in everything from reconnaissance, policing, bombing, crop spraying and border patrols. UAVs are used to obtain rare live shots from dangerous locations and for search and rescue. UAVs are constantly being upgraded with better navigation systems, cameras, sensors and accessories and Taiwan leads the way!

Already 12 UAV companies have registered for **TADTE**, including GEOSAT and K-Best Tech who will be exhibiting wireless and microwave communication equipment. Meanwhile Carbon-Based Tech and Thunder Tiger will be displaying unmanned aircraft surveillance systems, unmanned military aircrafts and smart unmanned aerial vehicles.

Also at the expo will be the Advanced Rocket Research Center (ARRC) whose mission is to develop a carrier rocket to realize the dream of creating Taiwanese manufactured rockets and sending into orbit the island's first satellites.

Annual Revenue of Taiwan's Aviation Industry, 2005-2014

TADTE Joins the Trade, the Professionals and the Industry!

With nearly 60 exhibitors showcasing in Aerospace / Defense Industry Equipment & Technology areas, international visitors can find partners for their supply chain to further enhance the competitive power in business.

National Defense Pavilion with High-tech Ready to Go!

Ministry of National Defense R.O.C. (Taiwan) will display many fresh innovations in aviation and tech applications. This is where to scout Taiwan's latest weapons, national defense R&D results & applications, disaster relief equipment and the latest defense approaches by the Army, Navy, Air Force, Chung Cheng Institute of Technology of National Defense University, National Chung-Shan Institute of Science and Technology and the Materiel Production Center under the Armaments Bureau.

TADTE joins the talent, kit and tech for every situation reaching from sea bed to outer space and everywhere in between. It's Taiwan's exclusive show on space, military and avionics!
