

## 2021 Taiwan-India Industrial Collaboration Summit

Over the last decade, the industrial cooperation between Taiwan and India has profoundly progressed. To further deepen such collaboration, the CNFI of Taiwan and FICCI of India with the support of governments from both sides will hold the 2021 Taiwan-India Industrial Collaboration Summit on October 27th, 2021.

Due to the covid-19 pandemic, the summit will be held virtually. We are inviting government officials and industry leaders from India and Taiwan to discuss future collaboration in the fields of electronics manufacturing, smart cities and green technologies, and smart automotive components.

We cordially invite you to participate in this summit to create a win-win partnership. Through the high-level exchange, we can explore a larger scope of cooperation.

*CNFI, Taiwan*

*FICCI, India*
